

Quick Start

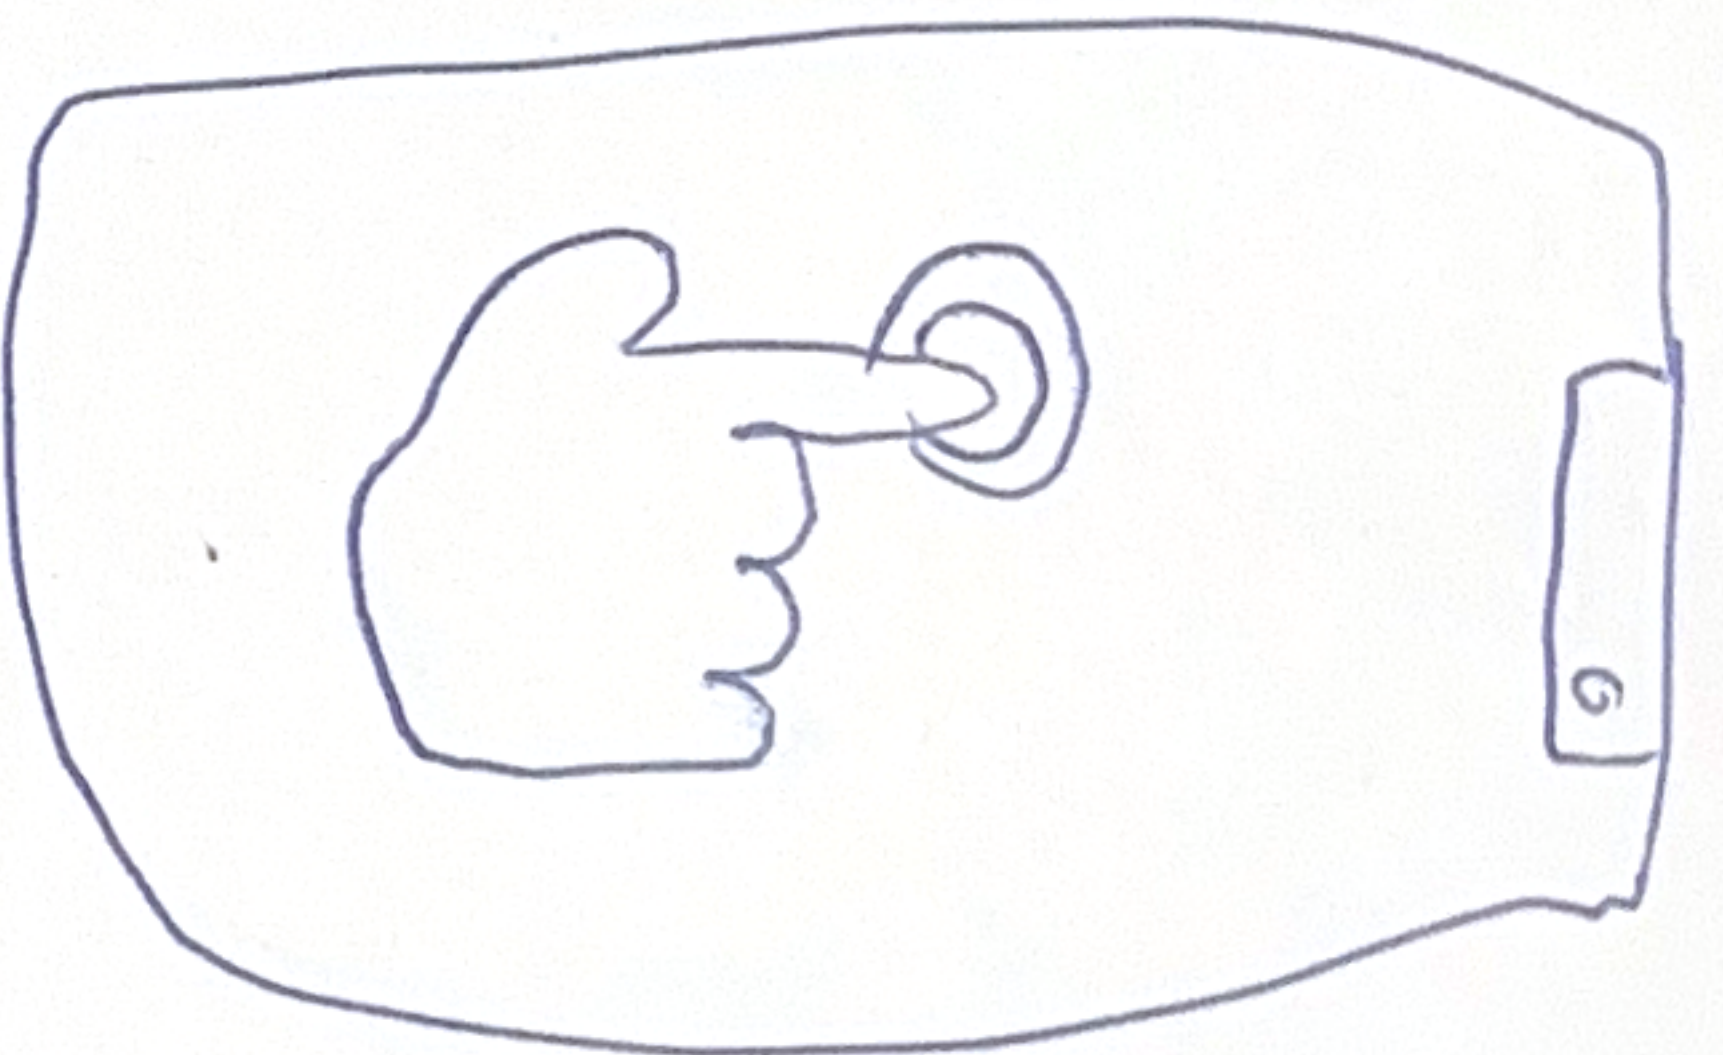

- Spart Zeit. Eigene Presets wären cool

Minimalistisch

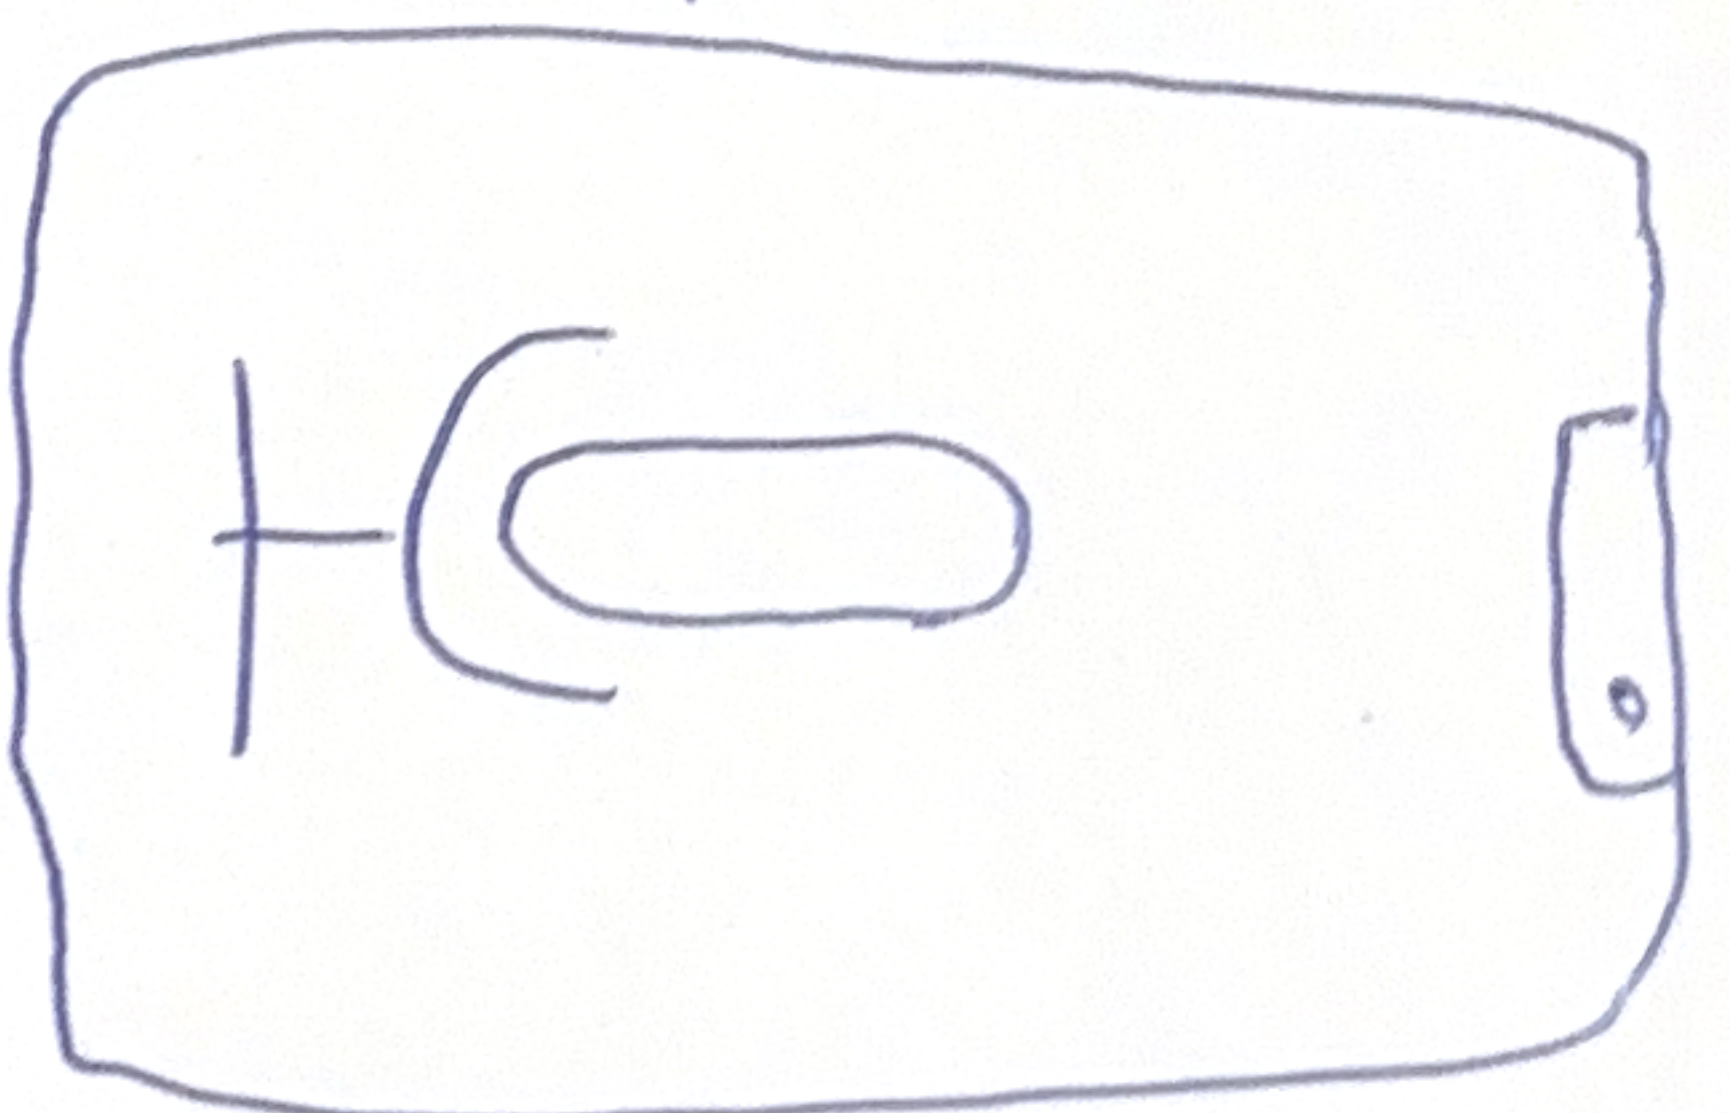

Gesten - Steuerung

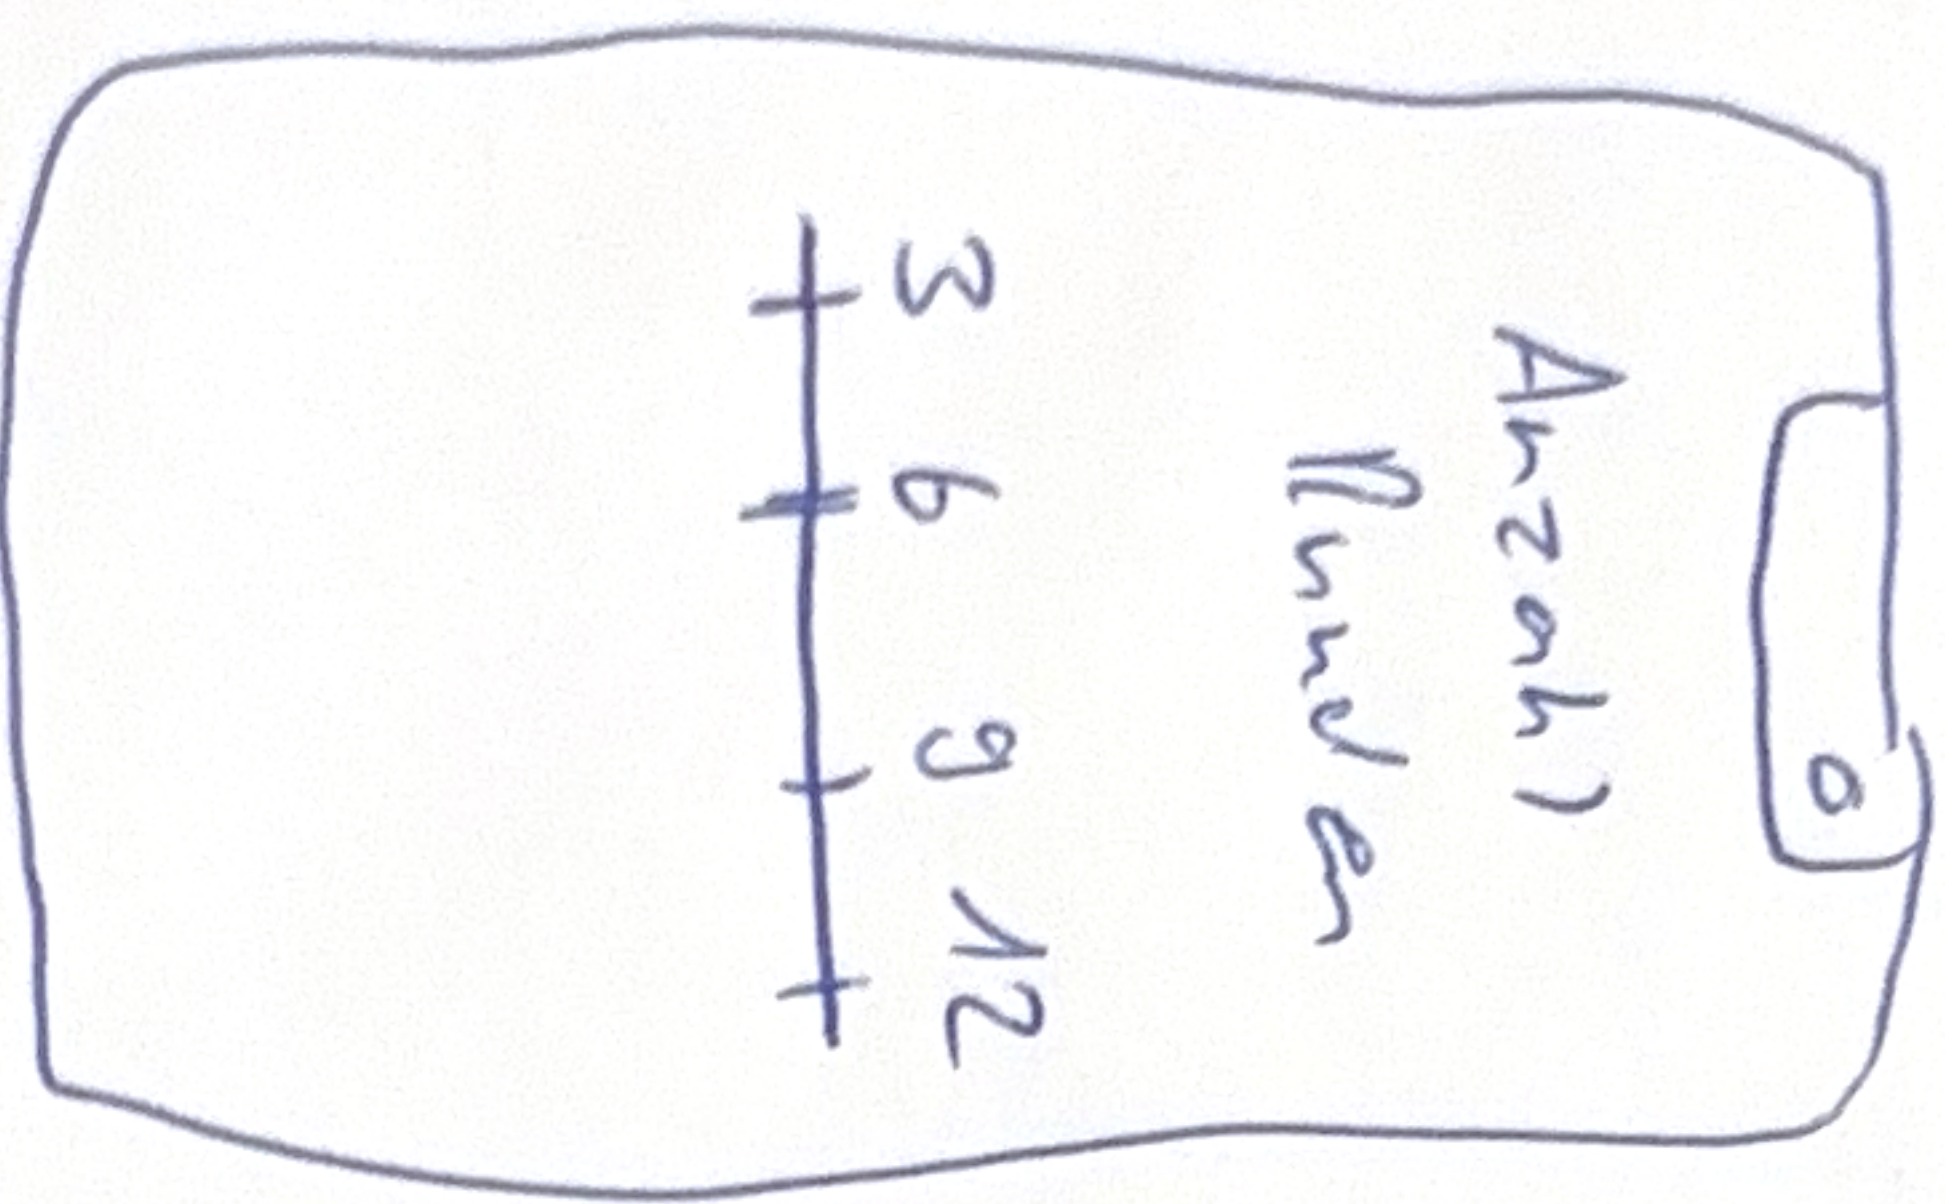

- Gute Idee behebt das problem der Handsteuerung

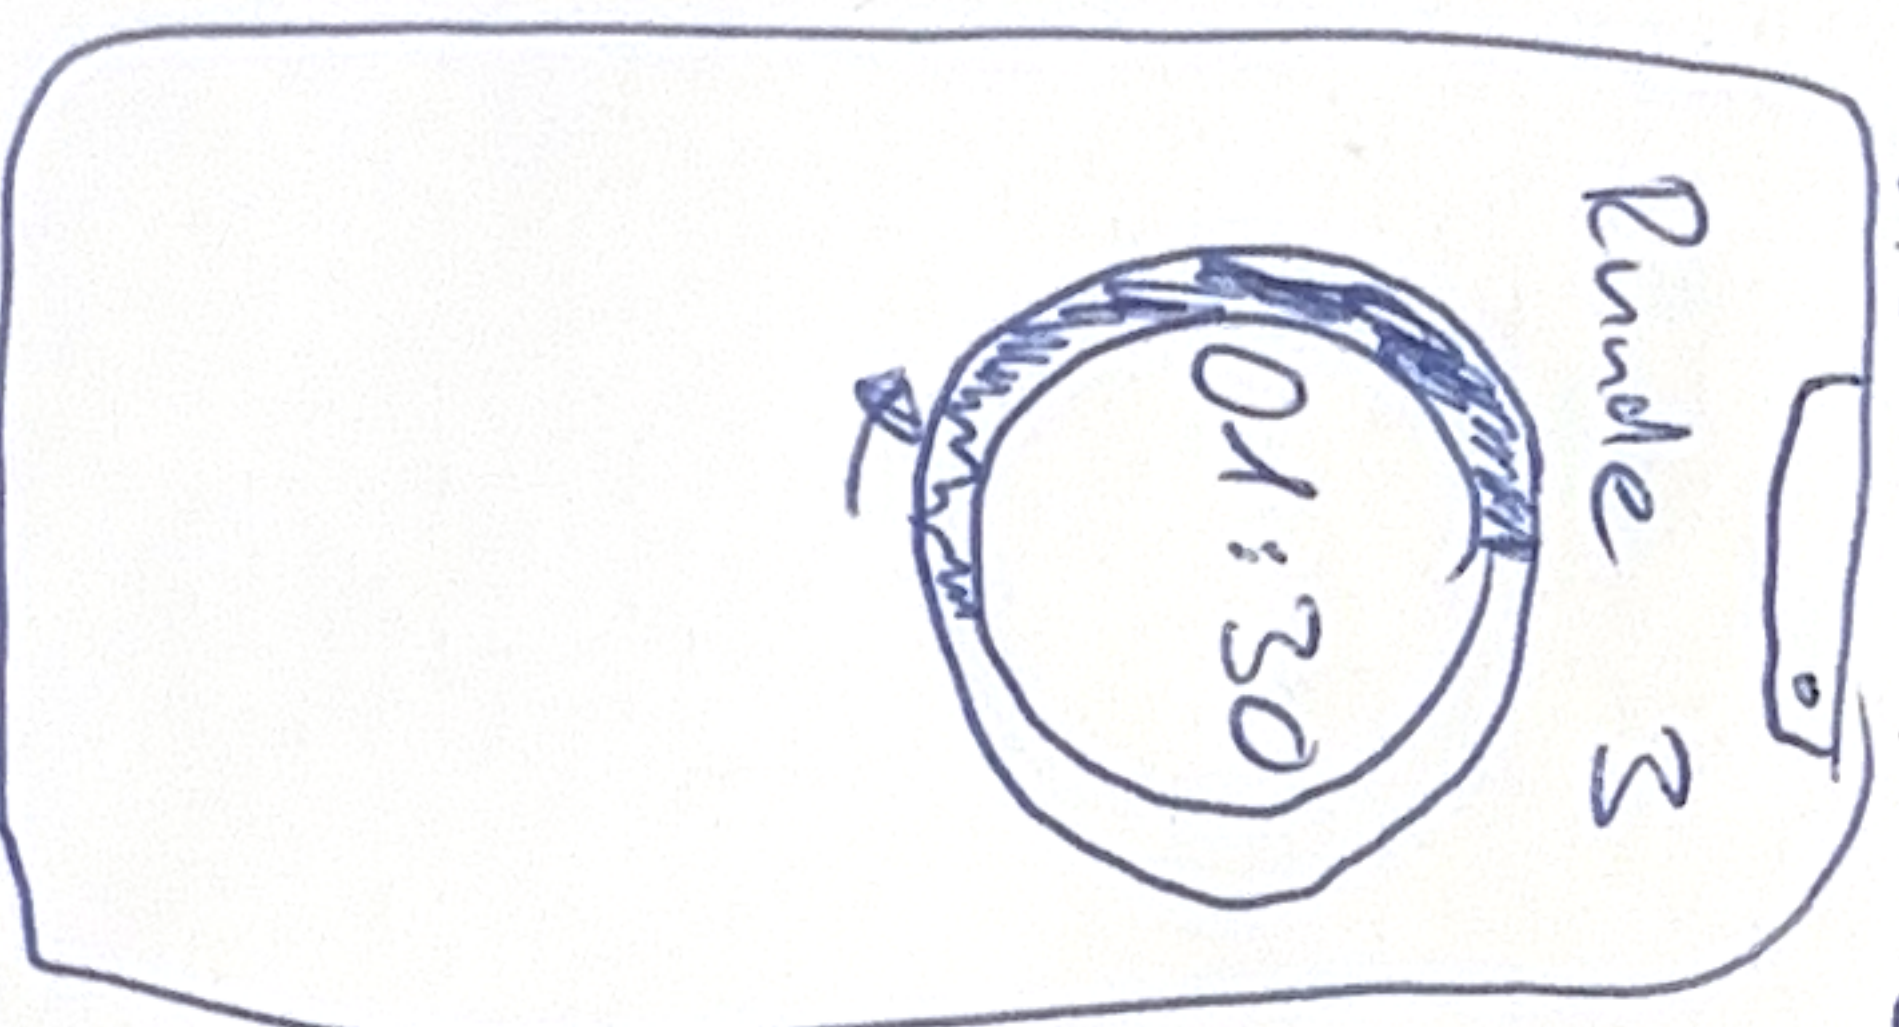

Speech UI

Runden - Slider

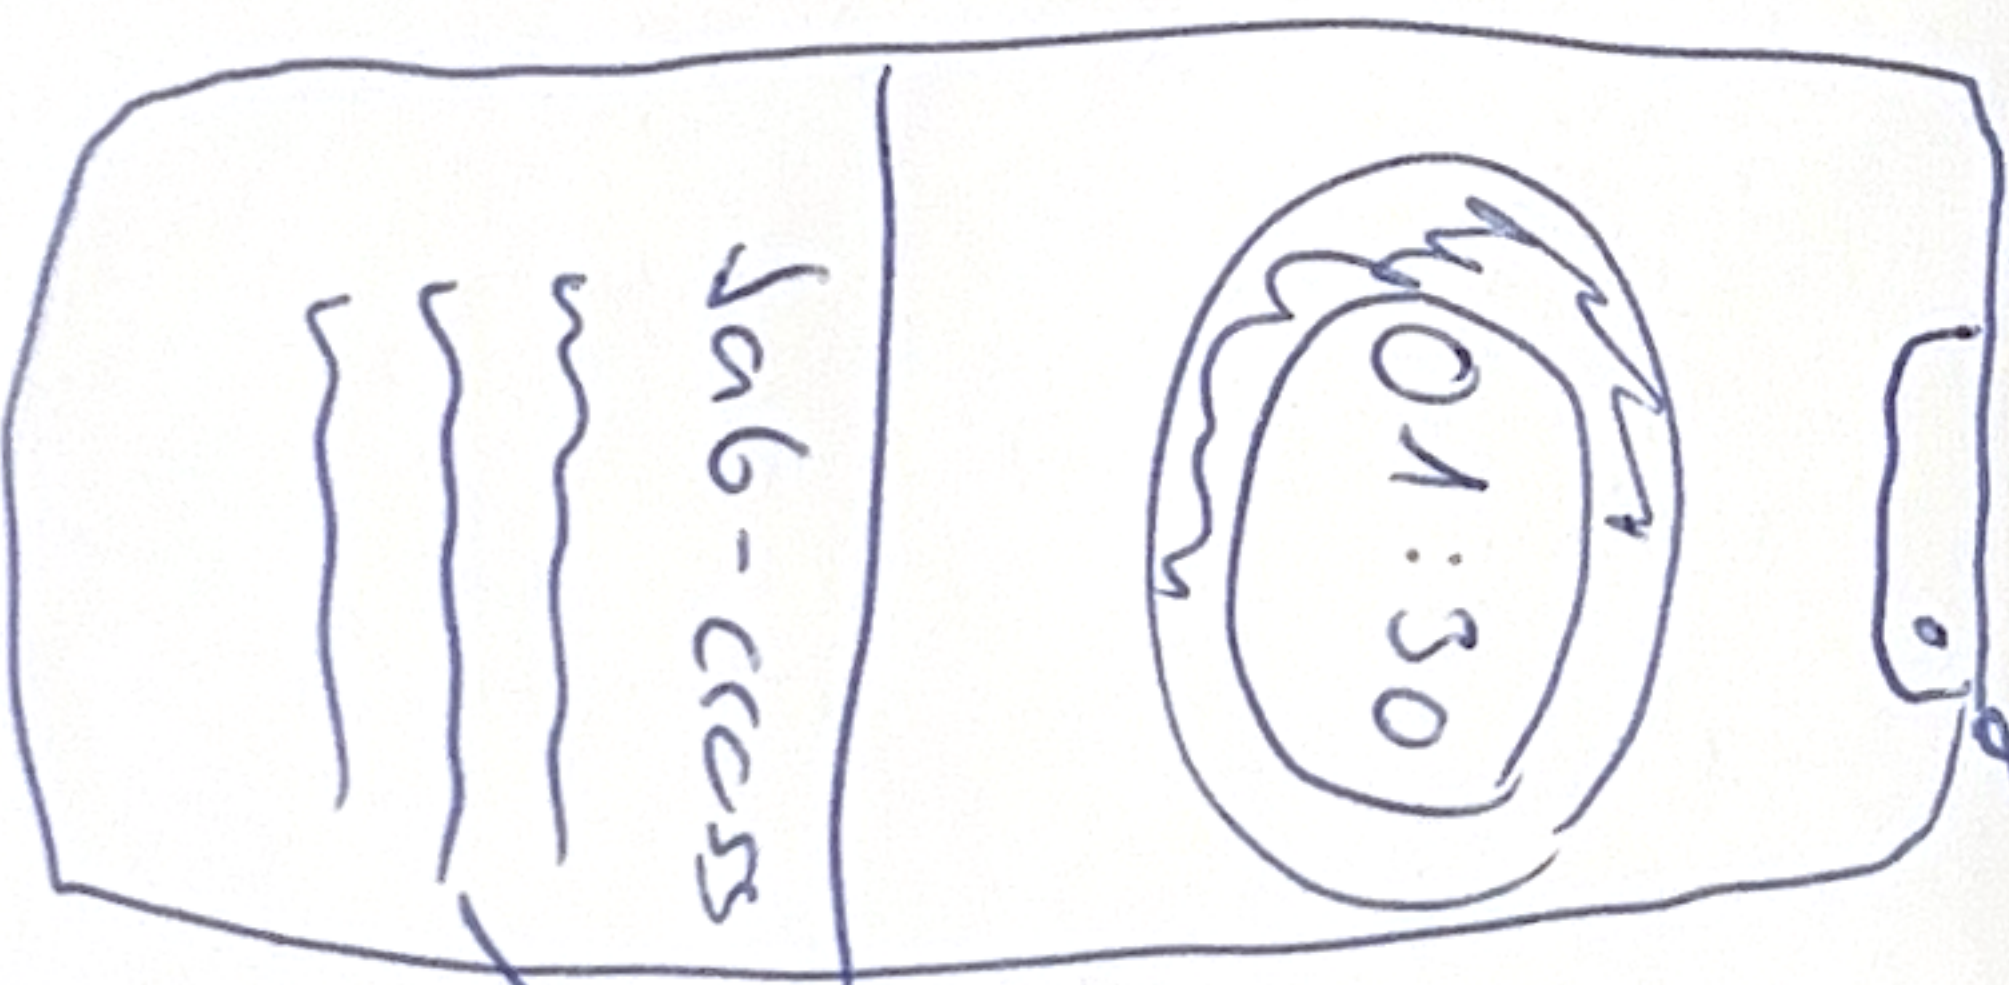

Visual timer

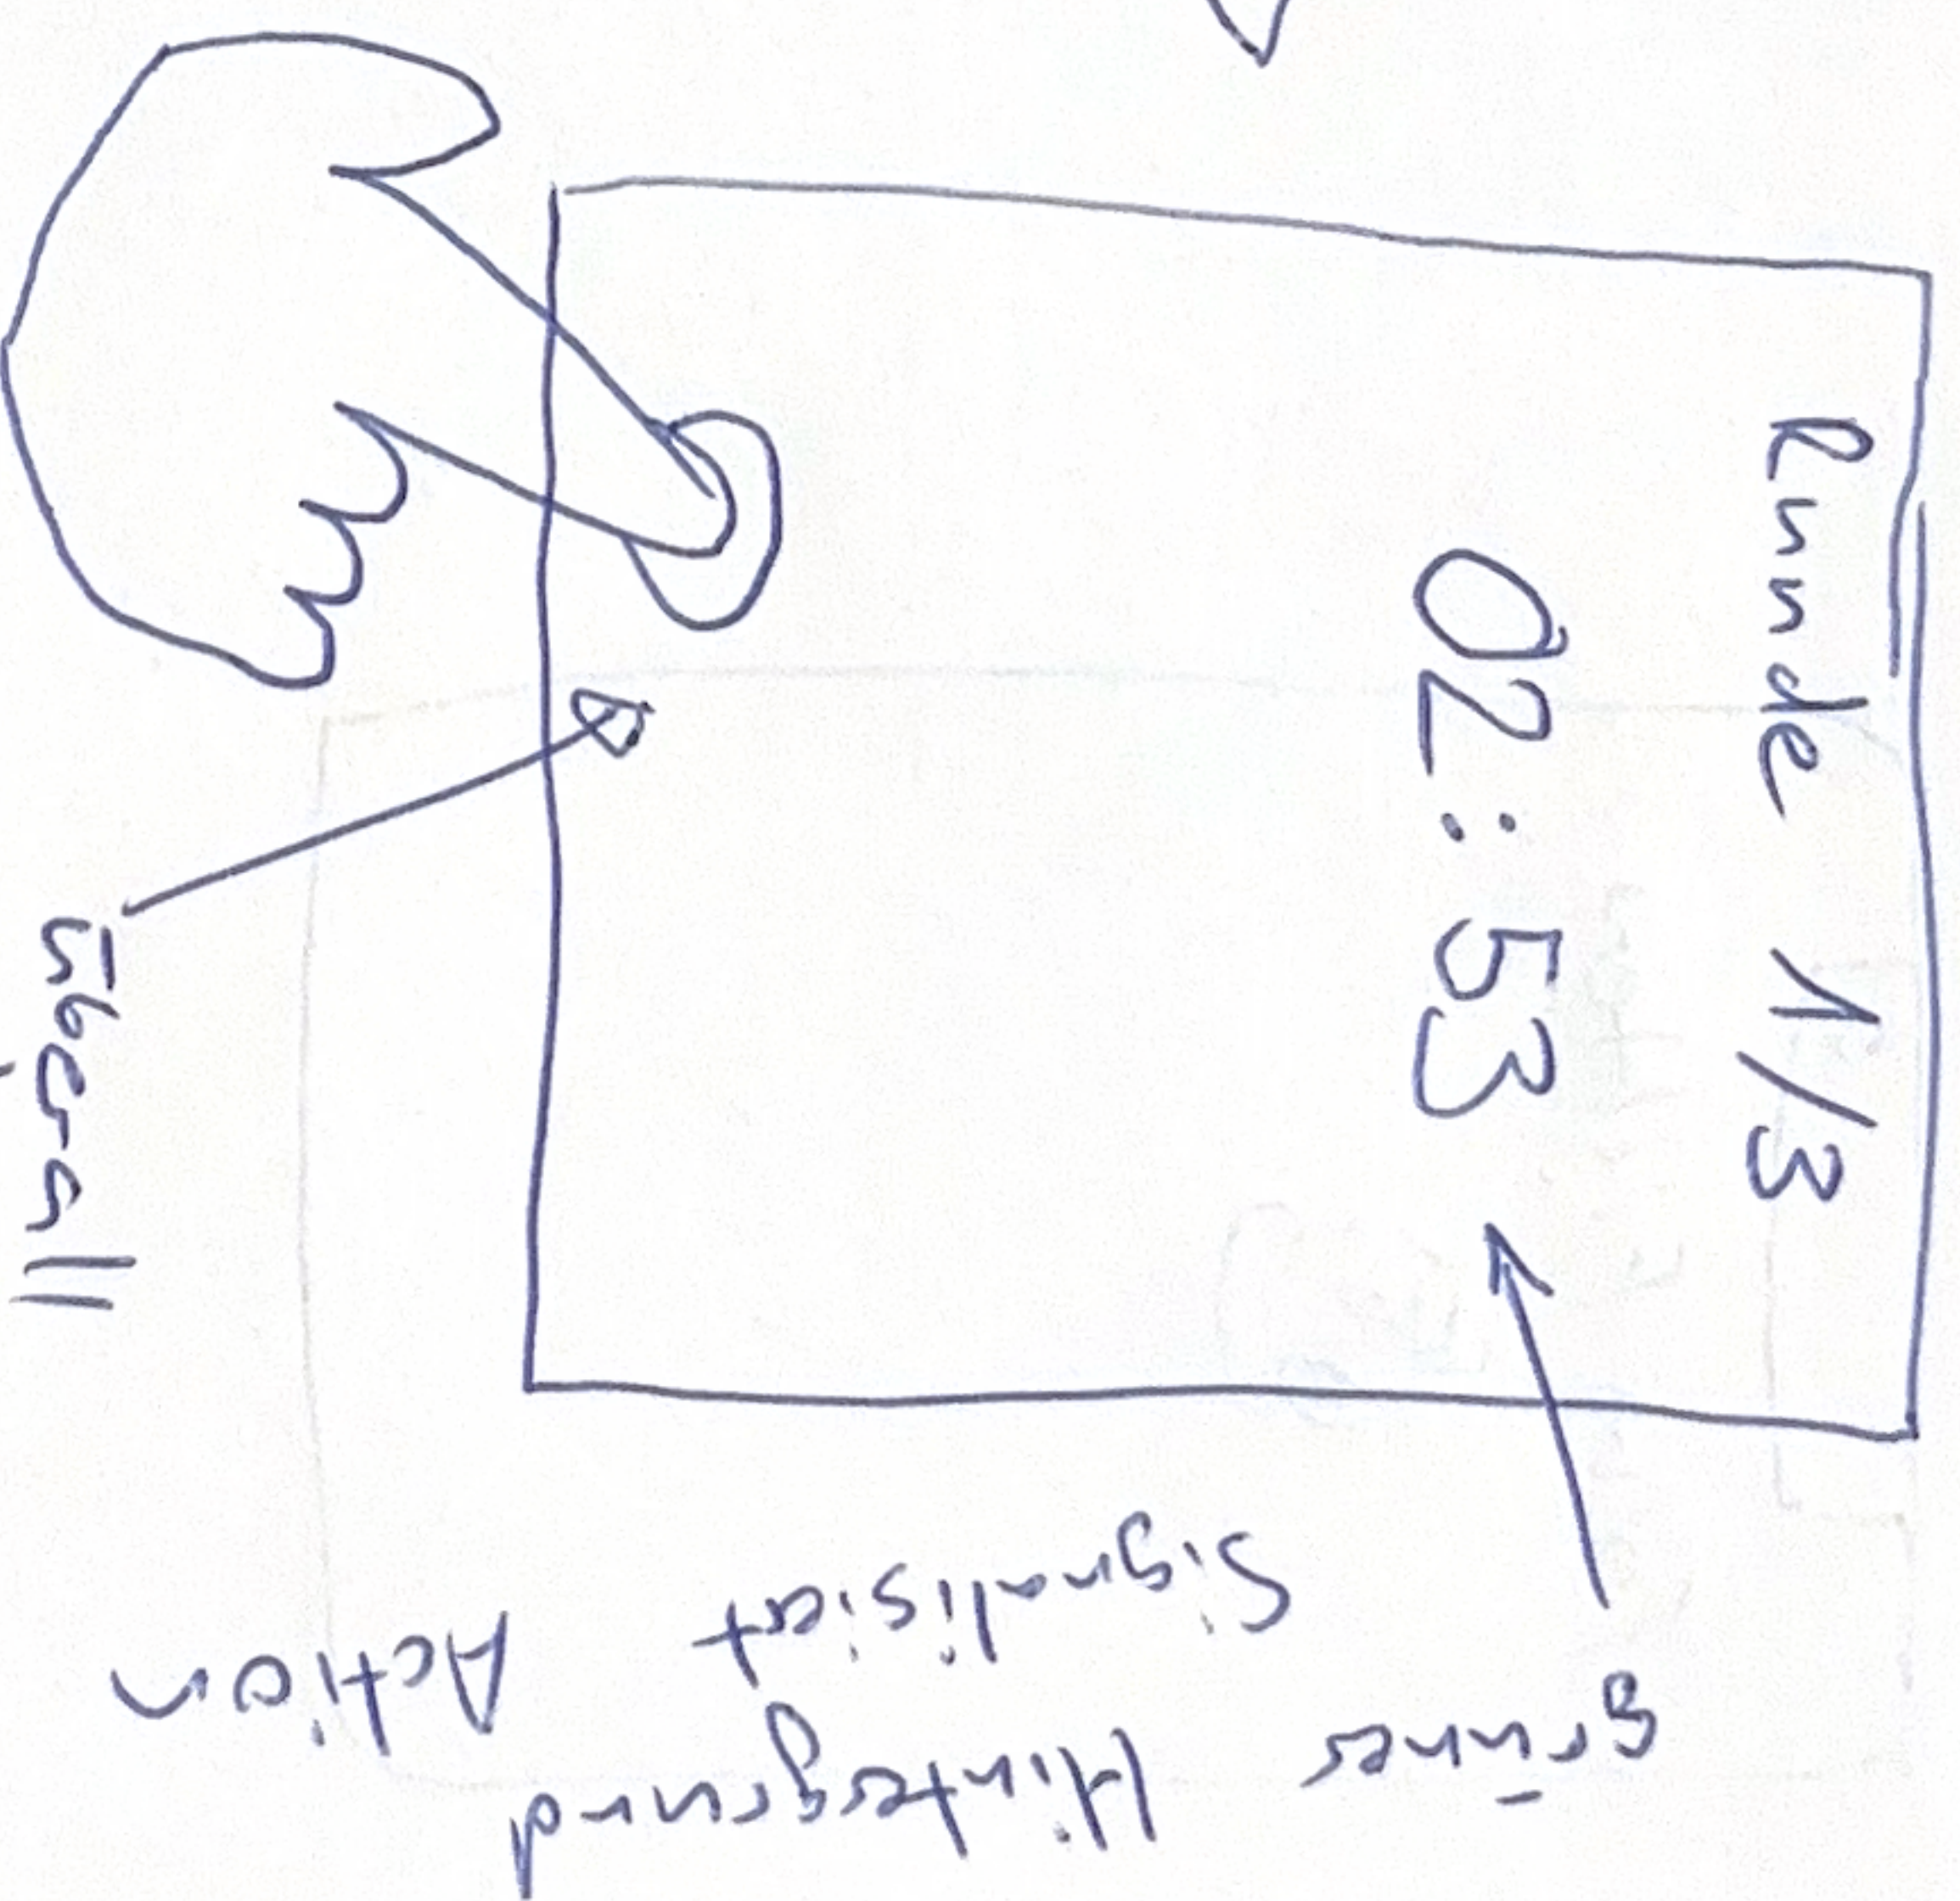

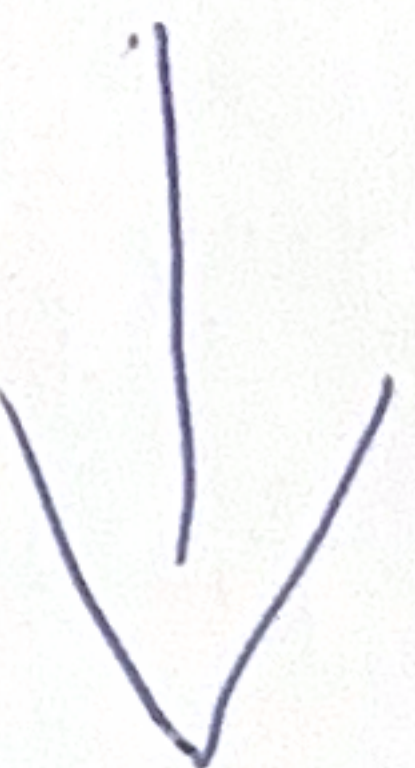

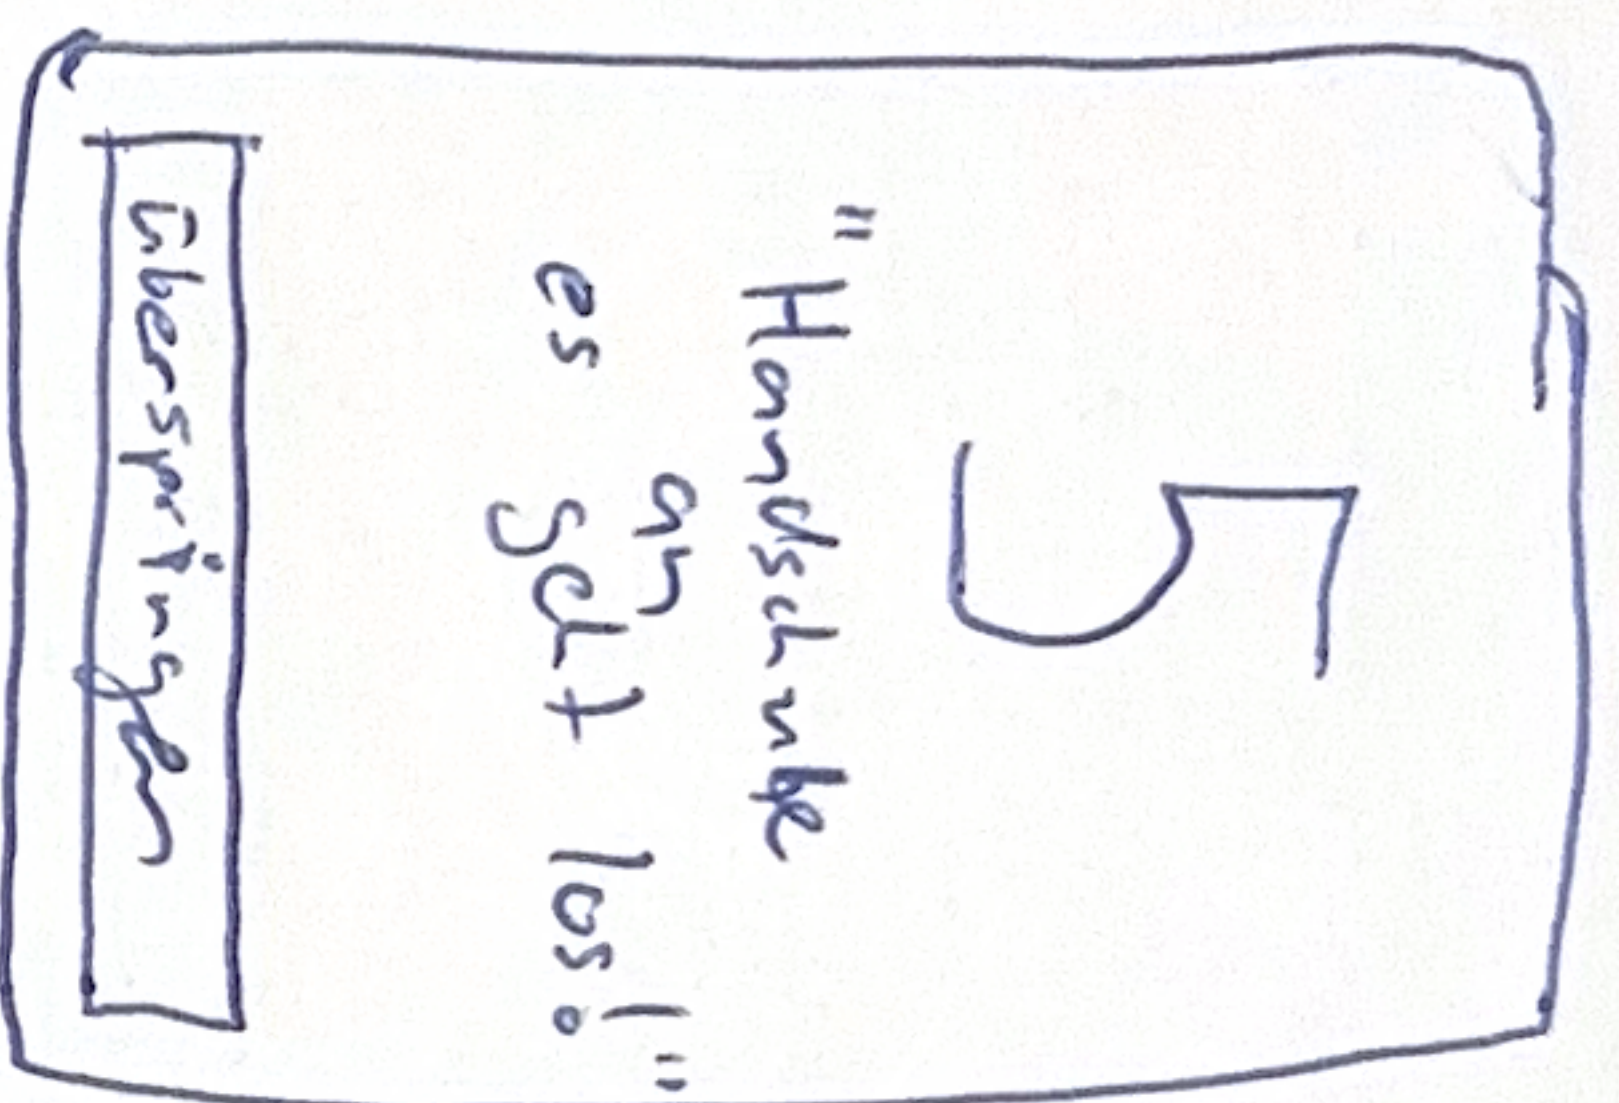

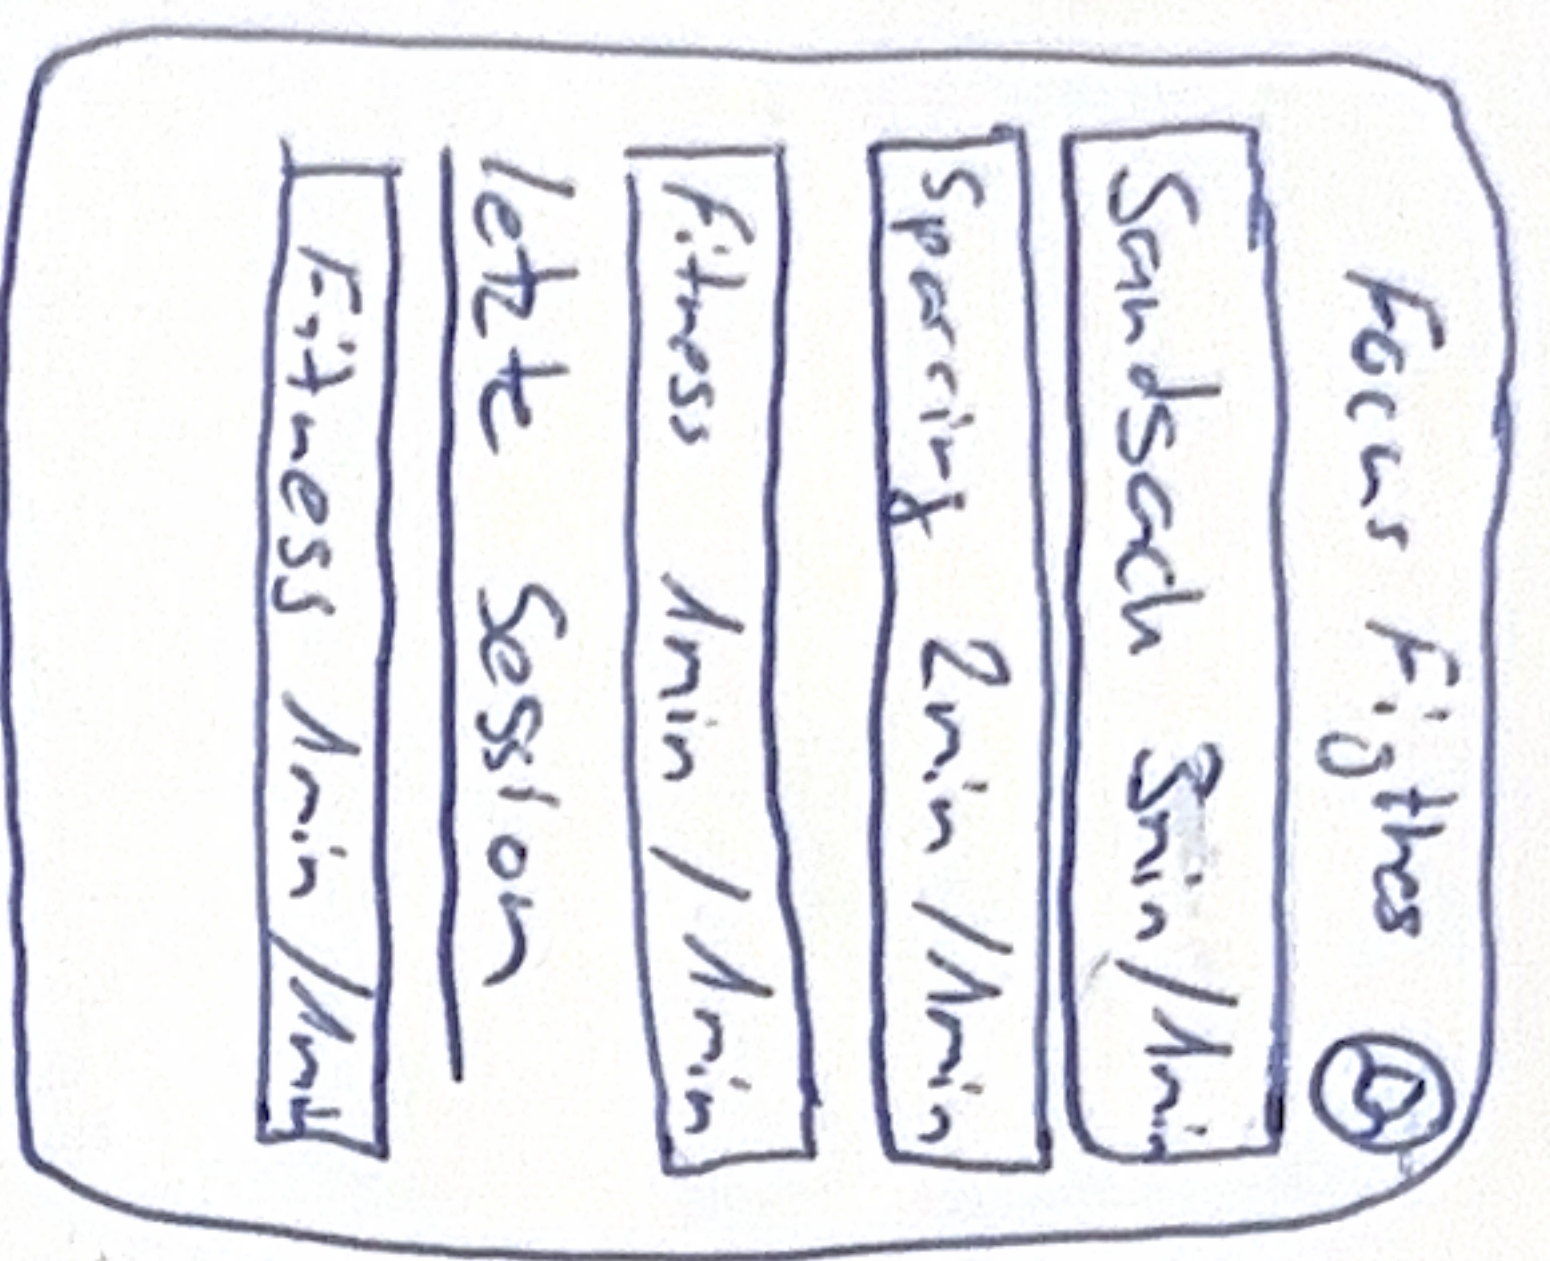

- Erleichtert Fokus auf das Wesentliche (weniger ablenkt)

Entscheidungsprozess:

- Kombination zwischen Quickstart und Gestensteuerung
- Erhöht die Usability mit Handschuhen indem man überall den Bildschirm antippen kann und spart Zeit mit dem Quickstart Menü
